

## RRD PASSION MKII

“An exceptionally easy performer”

Sizes: 13-11-9-7-5-3

Program: FREERIDE

A new line of hybrid Delta kites that evolves from the rest. Specifically designed with lightweight features in mind, these kites are just a pure surprise. Stable, powerful, very easy to relaunch and very easy to de-power. Will make anyone feel like they have always been able to kite.

Completely re-designed in all parts, the new passions bring life to a solid pure blooded spirit type of power, with a tremendous stability of profile. So much all together, so easy to handle, impressive!
